

SYMPOSIUM FOR PAUL BARTELS

RETIREMENT

**28 February 2017, 10.00-16.00
at Rigshospitalet, Copenhagen**

The symposium is followed by a reception until 18.00

Danish Regions and The Danish Clinical Registries (RKKP) invite to an International Retirement Symposium for Paul Bartels

We hope many of Paul Bartels' present and former colleagues, collaborators, and friends will join us in celebrating his many contributions to quality improvement in health care.

The symposium will look back at the achieved results - but also look to the future and how we ensure the legacy we have been given through Paul's and other pioneers' efforts.

Information, registration and full programme available [here](#).
